The

Forty-Second Annual Report

of the Board of Managers of

The Children's Sea-Shore House

at Atlantic City for Invalid Children

being their report for

1913

Since its incorporation, this Institution has taken care of 51,054 children and 8706 mothers, a total of 59,760 persons. About $40,000 is required annually for maintenance.

"The Children's Seashore House at Atlantic City for Invalid Children" was incorporated by act of the Senate and General Assembly of the State of New Jersey, 1873, under the above title, the following persons being named as Incorporators:

James S. Whitney
J. Shipley Newlin
W. L. Rehn
René Guillou
Samuel Middleton
Francis W. Lewis, M. D.
Mrs. Elizabeth F. Whitney
Mrs. Cynthia Guillou
Mrs. Annie E. Middleton
Miss Catherine C. Biddle

The Managers of the CHILDREN'S SEASHORE HOUSE earnestly request that they be notified of changes of address of contributors.

They especially ask to be notified of the death of any one to whose former address a report has been mailed.

MEDICAL STAFF

PHYSICIAN-IN-CHARGE.

WILLIAM H. BENNETT, M. D.,
1837 Chestnut St., and Atlantic City.

CONSULTING SURGEONS.

PROF. CHAS. H. FRAZIER, M. D.,
1724 Spruce Street.

PROF. GWILYM G. DAVIS, M. D.,
1814 Spruce Street.

VISITING SURGEONS.

EDWARD B. HODGE, JR., M. D.,
346 South Sixteenth Street.

J. C. MARSHALL, M. D., Atlantic City.

OPHTHALMOLOGIST.

WILLIAM CAMPBELL POSEY, M. D.,
N. E. Cor. 21st and Chestnut Streets.

NEUROLOGIST.

WILLIAMS BIDDLE CADWALADER, M. D.
1710 Locust Street.

ORTHOPAEDIC SURGEONS.

WM. JACKSON MERRILL, M. D.,
1927 Chestnut Street.

FRANK D. DICKSON, M. D.,
1814 Spruce Street.

EAR, NOSE AND THROAT PHYSICIAN

FREDERICK KRAUSS, M. D.,
1701 Chestnut Street.

BACTERIOLOGIST AND PATHOLOGIST.

EDWARD H. GOODMAN, M. D.,
248 S. Twenty-first Street.

RADIOGRAPHER.

W. C. WESTCOTT, M. D., Atlantic City.

SENIOR RESIDENT PHYSICIAN

EDWARD Z. HOLT, M. D.,
Children's Seashore House, Atlantic City.

MATRON.

MRS. S. B. HOFFA.

For List of Examining Physicians see pages 49 and 50.

THE FIRST CHILDREN'S SEASHORE HOUSE

CERTIFICATE OF AUDIT.

Philadelphia, March 24, 1914.

Board of Managers, The Children's Seashore House at Atlantic City for Invalid Children.

Gentlemen:

We hereby certify that we have audited and examined the books and accounts of the Treasurer of The Children's Seashore House at Atlantic City for Invalid Children, for the fiscal year ending December 31, 1913, and found them to be correct, and the reports herewith submitted by him to be in accord with the books of account.

We have also verified the investments in the keeping of the Philadelphia Trust Safe Deposit and Insurance Company, as agent for The Children's Seashore House at Atlantic City for Invalid Children, and found them to be as stated in the Treasurer's list of investments herewith submitted.

Respectfully submitted,

JOHN HEINS & CO.

"THE CHILDREN'S SEASHORE HOUSE AT ATLANTIC CITY FOR INVALID CHILDREN," ATLANTIC AVENUE FRONT.

REPORT OF THE BOARD OF MANAGERS TO THE CONTRIBUTORS FOR 1913.

WE cannot look back upon the forty-one years of the history of our Institution without a feeling of gratitude for the way in which its work has prospered.

Nearly sixty thousand poor women and delicate children have passed in and out of its doors and each has borne away a blessing in the form of renewed health and pleasant memories of days of sufficiency and happiness.

The fresh vigor infused into the members of this great army of little ones must have had a powerful effect in enabling them to battle with the baneful forces of disease and unsanitary environment, and should an investigation be made of the influences which for the past twenty-five years have been steadily improving the condition of the poorer classes of our city, we believe it would be found that the work of the Children's House has been a factor of no mean potentiality.

Last year that work was carried on with all the vigor and success of the forty years which preceded it. The Institution was open throughout the year and the limit of its work was the capacity of its buildings, eighty-four beds during the winter months and four hundred and fifty in summer.

Our Medical Report shows that in our "Mother's Cottages" we provided for 374 mothers for an average of 8.6 days each, in our Camp for boys for 266 for an average of 8 days each and in the rest of the Institution for 2164 children for 14.6 days each. In all we gave 3766 mothers and children 55,167 days of care and treatment.

The Treasurer's Report shows that we expended for salaries, wages, provisions, medical and surgical supplies, coal, gas, water rent, sewer rent, dry goods, laundry supplies, ambulance, maintenance of Boys' Camp and sundry items usually included as current expenses of the household $42,462.92, or $5.39 per week for each inmate. In addition we spent for fire and liability insurance, repairs, painting, house furnishings, postage, printing, stationery, freight and express charges, telegrams and telephone service, auditing accounts and all other purposes, $12,847.58, making the expenditures of the year amount to, exclusive of the new heating plant, $56,122.71, or $7.01 per week for each inmate. The cost of the heating plant was $2,000.00.

Large as our expenses were, the generosity of our contributors enabled us to close the year not only without a deficit, but also with a small balance with which to meet the expenses of the first month of the New Year.

With the steady growth of our work there has come an increasing anxiety in regard to the means for providing for it. It has therefore been very gratifying to find that our Permanent Fund is steadily increasing and we most gratefully announce the following additions to it during the past year.

Mrs. Samuel L. Robeson, who had already endowed one bed, contributed a thousand dollars to endow another in memory of her parents.

Under the will of Mrs. Phoebe Quinby McVitty, we received a thousand dollars to endow a bed in memory of her husband, the late Thomas E. McVitty, a generous benefactor of the Institution.

From a Contributor whose name we are not permitted to mention, we received five thousand dollars to endow five beds in memory of a devoted friend of the Institution.

Miss C. H. Fagan, who had already endowed a bed in the Institution, in conjunction with her sister, Miss E. L. Fagan, by the payment of a thousand dollars endowed another bed in memory of their parents.

A Friend who has for many years been most generous to us, but whose name we are not permitted to mention, among other very large gifts added ten thousand dollars to the Permanent Fund.

Mrs. Henry J. Kuhn, who has been most generous to us in the past in endowing two beds and in assisting by other large gifts, endowed a bed in memory of her father, the late Joseph Albert Bremer.

The Busy Bee Branch of the Ministering Children's League by the payment of $389.37 completed the endowment of a bed in the name of the League.

The Pi Sigma Fraternity which had already endowed two beds, furnished our Tower Clock, and done other generous things for us, by the payment of a thousand dollars endowed a bed in memory of their late President, Mrs. Natalie Taylor Thomas.

From the estate of Mrs. Louise M. Spear, a former generous contributor, we received two thousand dollars without restriction as to its use.

From the estate of Miss Mary Elizabeth Irwin we received a legacy of three thousand dollars to endow two beds in memory of her parents.

INTERIOR OF THE SCHOOL HOUSE, CHILDREN'S SEASHORE HOUSE.

From Mrs. Frederick Crosman Fitler we received one thousand dollars to endow the Josephine Phillips Fitler Bed.

From Mrs. Percy H. Clark and Miss Miriam W. Roberts we received fifteen hundred dollars to endow a Cottage in memory of their mother, the late Mrs. George B. Roberts.

From Mrs. Frederick Prime, Jr., we received one thousand dollars to endow a bed in memory of her mother, Laurette de Tousard Coxe and of her two children, Laurette Coxe Prime and Frederick Prime III.

From Mrs. James Woods Fry, who had already endowed a bed in memory of her mother, we received one thousand dollars to endow a bed in memory of her father, the late Matthew H. Crawford.

From Mrs. H. Spencer Lucas, who in conjunction with her husband had previously endowed two beds in memory of their children, we received a thousand dollars to endow a bed in memory of her husband, the late H. Spencer Lucas.

From the estate of Sarah H. Porter, we received $1,924.08 for the endowment of two beds in the name of Margaret McClure.

Through Mrs. William H. Bennett we received a second installment amounting to $381.50 toward the endowment of the Charles Dickens Bed.

In enumerating the gifts which are to be added to our Permanent Fund we must mention one which will be of permanent value, although it does not go into the Permanent Fund. Mrs. Henry Bain, Jr., one of our Managers, contributed during the year a thousand dollars and gave us permission to add to it another thousand contributed by her the previous year, for the purpose of installing a heating plant in the portion of our main building not heretofore heated. By this generous act she not only added very materially to the comfort of our winter employees, but also made it possible to add fourteen beds to the seventy-two for patients already in use, thus making our capacity during the winter months one-fifth greater than heretofore. It is needless to say that the demand for these beds was immediate, and that we still have always a waiting list.

Our list of contributions show many very large gifts which we would have liked to use in their entirety to swell our Endowment Fund, but our needs for maintenance were so great that we were obliged to make use of the privilege which came with them and disburse them for current expenses.

We gratefully record the fact that the same generous benefactor whose gifts first made possible our school for crippled and bed-ridden children continues to maintain it. Every bed-ridden child old enough receives daily instruction in the open air, while

a little company of convalescents able to run around assembles every morning in our comfortable school room. Notwithstanding the great drawback disease has placed upon these children, they are making good progress in their studies and they will all some day be most grateful for the privilege they have had of gaining profitable instruction during their long months of invalidism, months which but for this benefactor would have been spent in wearisome idleness.

During the past year Miss M. T. Burt presented to one of the wards for little children three large paintings, the work of her own artistic hands representing scenes from the story of Cinderella. They greatly add to the attractiveness of the ward and the little curly headed cripples who lie gazing at them all day close their eyes at night to dream perchance that some good fairy god-mother with the touch of her wand removed the straps and bands that held their little deformed limbs and let them dance and play again as they used to with their healthy active playmates. Sometimes the dream comes true, but alas! not always.

Lest some of our visitors seeing the many beautiful things in our hall ways and wards should think we have been guilty of extravagance, it is but right to say that the Institution spends nothing for luxuries. It needs all that it can get to provide for the necessities of the thousands who come to it every year. The beautiful things are gifts and in some instances loans of those who have desired to make the house attractive as well as useful. All the Florentine Plaques in the halls and wards are the gifts of Mrs. Wm. H. Bennett. To her we are also indebted for many of the pictures and other artistic objects seen in the main building. Still other pictures are the gifts of Mrs. E. Payson Carpenter, the contributors to the "Haddon Hall Bed," Miss Edith Helme, Miss Grant and The Little Helper's Society of Grace Church, Philadelphia. As this Report is in preparation, there has been added to our collection as a gift from Miss Anna Bennett, a copy of Raphael's Madonna of the Chair painted in Florence from the original in the Pitti Gallery.

The desire to make the Institution a "House Beautiful" has reached even the children, and the large girls under the charge of Miss Hall, their matron, collected sufficient funds to purchase a number of fine pictures for the decoration of their building.

This reference to our beautiful things is not made with any desire to secure more. Our greatest need is the wherewithal to provide plenty of good food and good care for all the members of our large family.

In connection with this record of the growth of fine arts among us we must mention another gift, which has added great-

A GLIMPSE IN THE MAIN HALLWAY.

MAIN STAIRCASE.

ly to the pleasure of the whole household during the year. Mrs. Fred. Hemsley, of the Board of Managers, has provided a piano for the second floor of the main building especially for the pleasure of the bed-ridden children who exclusively occupy that floor.

To this gratifying record of gifts we are obliged to add another of gifts *not* received. We do so because the country-wide announcement that our Institution was about to receive very large bequests probably deterred some from giving the help which they had planned to give under the impression that it would no longer be needed.

Early in 1911 we learned that Mr. Georges Bertin, a former generous contributor, who had recently died in Paris, had bequeathed our Institution one hundred thousand dollars. Since then every effort has been made to secure the bequest, but thus far without results. Knowing the "Laws delays" we are not without hope that our efforts will eventually be successful.

During last year there passed away a contributor, Mr. Frank Way Smith, whose interest in our Institution began in 1881, when he and his father, the late Mr. P. Jenks Smith, erected on our grounds, then on Ohio Avenue, a double Cottage for Mothers to be known as "The Rebecca Memorial."

On the death of his father in 1905 he endowed two beds in memory of his parents. In his will dated November 11th, 1912, he generously bequeathed our Institution ninety-eight thousand dollars, without restriction as to its use, and two thousand dollars to endow two beds in memory of his sister and himself. June 12th, 1913, less than thirty days prior to his death, in an unwitnessed codicil to his will, he revoked the bequest of ninety-eight thousand dollars and bequeathed to it forty-five thousand dollars. In this same codicil he made a bequest of fifty-three thousand dollars to the Ascension Church of Atlantic City.

As under the laws of Pennsylvania a devise or bequest to charitable uses is void unless it is done by will and attested by two creditable and disinterested witnesses at least thirty days before the death of the Testator it remains for the courts to decide whether under Mr. Smith's will our Institution shall receive one hundred thousand dollars, forty-five thousand dollars or nothing. May we not hope that this experience will lead any of our friends who may contemplate leaving a legacy to our Institution, to make sure that there can be no miscarriage of their benevolent intentions after they have passed away.

To the Members of our Visiting Staff, Drs. Hodge, Merrill, Dickson, Posey, Krauss, Marshall and Wescott, we are indebted for most valuable services freely rendered. Many visits were made

by those living in Philadelphia involving a large sacrifice of time on the part of very busy men.

To Drs. Flynn and Allis we are indebted for the faithful management of our Boys' Camp during the past summer.

To Drs. Harrison, Bramlett, McCarthy and Hickman, who each gave a portion of the summer to the Medical work of the House, the Managers desire to express their thanks. They must speak in the highest terms of Dr. Harrison, upon whom rested much responsibility at the end of the season by reason of the illness and absence of the Physician-in-Charge.

To the members of the Committee having in charge the arrangements for our Annual Ball last year, we are indebted for a large amount of hard and often disheartening work, and it is most gratifying to be able to state that their self-sacrificing labor added $1850.20 to our funds.

Again, we are under many obligations to Mr. Jacob Bothwell and the Steel Pier Directorate for the free use of the Pier on the occasion of the Ball and for many courtesies.

To our many friends in the different branches of the Needle Work Guild of America we are indebted for the gift of 1330 garments elsewhere recorded. Among the hundreds of needy children we find large use for these gifts and many poor families have been most grateful for what we have been able to give them out of our large supply.

In recording the many generous gifts of our contributors we feel that it is but fair to mention the fact that nearly all the members of our household have been contributors to the success of our work by the willingness of their service and through the moderate compensation which they have accepted in consideration of the cause which they serve. Very few of our employees of any grade receive the compensation they would receive in unphilanthropic work, and it is largely to their willing sacrifice that the low cost of our maintenance is to be ascribed.

When all have worked faithfully it seems hardly fair to single out any for special commendation, yet we cannot fail to gratefully mention a few of those upon whom special responsibility has fallen.

To our Matron, Mrs. Sarah B. Hoffa, the whole household is indebted for the peace, good order and happiness that has reigned in it.

To Dr. E. Z. Holt, who now fills the newly created position of Senior Resident Physician, the Managers, the Physician-in-Charge and the patients are alike grateful for skillful and faithful services.

To Miss K. O. Thompson and Miss E. S. Moorhead and the other members of our clerical force upon whom rested the responsibility of the admission and discharge of more than thirty-seven

hundred patients, the Board is under special obligations. Few realize the work and the thought involved in arranging for the admission and the discharge of so many in such a way that there shall always be a place ready for each person sent for and never a vacant place when scores are anxiously waiting for admission.

Again we are under obligations to our faithful teachers of the past year, Miss Foresman and Miss Girton, who notwithstanding the many difficulties which our open air school developed, have achieved excellent results in their teaching.

To Miss Margaret McNeilis and to Miss Iva M. Reed, who. without compensation, each devoted the summer to assisting the Matron in receiving the hundreds of visitors who came to our Institution, we are greatly indebted. The interest which they awakened in these visitors made many of them contributors and lifelong friends of our work.

Forty years of generous support have enabled the Managers to build up a great Institution at the Seaside. How great it is few realize who have not seen it.

Exclamations of surprise at the magnitude of its work are daily heard from those visiting it for the first time. On account of its location at the Seashore, a most important branch of its work is the care of the little children suffering with bone disease, for whose ailments the sea air has proved remarkably beneficial. As a result there are now to be found in our wards throughout the year more cases of such disease than in any of our large Hospitals in Philadelphia, while in summer the number is nearly twice as great as is ever found in the largest of them.

Yet these children constitute but a small percentage of the whole number of admissions.

During the forty years of the growth of our work all connected with the Institution have been learning something from the experience gained in the care of fifty thousand children.

Our Physicians and Nurses have been acquiring special skill in their work and all the large Hospitals in Philadelphia are now sending their children to us with a confidence that they will lack nothing in the way of skill and thorough care, and with the knowledge born of former experience, that they will all be returned greatly improved by their sojourn at the Seashore.

With the extension of this confidence, our Institution must of necessity continue to grow, especially in its winter work.

Notwithstanding the increase in the number of our beds the past winter, we have been unable to meet the demands made upon us for admission.

We still have two large buildings unoccupied in winter which need only a proper heating plant to make them ready for immediate

use. With the over two hundred beds their use would give us, we would have sufficient accommodation for all the suitable cases of bone disease in children to be found in Philadelphia.

It is but a question of time when humanitarian Philadelphia will demand for her little unfortunate children suffering with this disease that they shall have not only the best surgical treatment for their maladies, but also that it shall be carried on where nature gives the greatest aid to the surgeon's skill, in the pure air and sunshine of the Seashore.

It seems probable therefore that within the life time of some of our contributors, our Institution will become in winter, at least, largely an Orthopaedic Institution devoted to the care of such chronic Orthopaedic cases as specially require the Seashore life for their recovery and to those other much more hopeful cases, who taken in their incipiency need chiefly it to prevent the further development of the disease which threatens them with years of suffering and life-long deformity.

The expense of maintaining two hundred beds would be far too great for us to assume until our Endowment Fund reaches, as we believe it will, the million dollar mark. But it seems wise to give publicity to the fact that our Institution has buildings erected and furnished ready to accommodate that number of little cripples; that with some changes in the character of our work these beds could be made available the year round; that we have the organization capable of caring for these additional children most economically and skillfully; and that we have that great boon so important for these cases, the sunshine and ocean air of the Seashore.

It may be well to bear in mind also that every bed brought into use in our Institution releases a bed in a city hospital for the care of some other child who does not specially need the sea air; and that the use of all our available beds would add to the hospital accommodations of Philadelphia, the equivalent of a Children's Hospital as large as the average of those now existing there.

But these matters seem but dreams which the future alone can transform into realities. Until our Endowment Fund is thrice its present size, we cannot begin to plan for any great enlargement of our work. When that time comes we hope to act in co-operation with our city hospitals, as we are doing now, and have done ever since our organization.

We have much to be thankful for in our present condition. No one can look over our Report with its long list of generous contributors without rejoicing with the Managers that there are so many benevolent people ready to respond to the needs of the little children who are not only poor and sick, but who are also facing lives which will be always handicapped by deformity.

But for the generous responses of these good people in the past we, as a Board, would greet each new year with a feeling of despair.

The thought that our work has grown to such proportions that nearly sixty thousand dollars must be provided each year to maintain it, is appalling even to those of us who through a life time have seen the means grow with the needs.

Our expenses nearly reached that sum last year and they can hardly be less in the year upon which we have entered.

For fully half that amount we must appeal to that generous Public which notwithstanding the many, many burdens it is asked to carry, seems always willing to give a hearty lift to the burden of the little children.

Respectfully submitted,
By Order of the Board of Managers,
WILLIAM H. BENNETT,
President.

REPORT OF THE PHYSICIAN IN CHARGE.

To the Board of Managers:

I respectfully submit the following statistics for the year 1913:

	Jan. to June	June to Oct.	Oct. to Jan.	Total
Number of days House was open	151	122	92	365
" " Cottages were open (June 16th to Sept. 18th)	...	94	...	94
" " Camp was open (July 1st to Sept. 1st)	...	62	...	62
" Children admitted to House	298	1707	159	2164
" Children admitted to Cottages	...	962	...	962
" Mothers admitted to Cottages	...	374	...	374
" Boys admitted to Camp	...	266	...	266
Total number of Admissions	298	3309	159	3766
Aggregate No. of days children remained in House	11513	23543	6677	41733
Aggregate No. of days children remained in Cottages	...	8601	...	8601
Aggregate No. of days mothers remained in Cottages	...	3236	...	3236
Aggregate No. of days boys remained in Camp	...	2137	...	2137
Aggregate No. of days all remained	11513	36977	6677	55167
Average length of stay of children in days	38.6	11.5	43.5	14.6
Average length of stay of mothers in days	...	8.6	...	8.6
Average length of stay of boys in Camp	...	8	...	8
Average daily No. of children in House and Cottages	76	259	75	136.2
Average daily No. of mothers in Cottages	...	34	...	34
Average daily No. of boys in Camp	...	34	...	34
Average daily No. of inmates in Institution	76	327	75	151.2

The following table shows the ages of the children admitted and the number of each age:

	Jan. to June	June to Oct.	Oct. to Jan. 1	Total
Number of boys admitted to Institution	157	1036	63	1256
" girls admitted to Institution	141	1633	96	1870
" girls over 12 years of age	39	575	40	654
" children admitted under 6 mo. of age	...	65	...	65
" " " bet. 6 mo. and 1 yr.	...	73	...	73
" " " bet. 1 and 2 years	...	141	...	141
" " " bet. 2 and 3 years	...	146	2	148
" " " bet. 3 and 4 years	12	158	11	181
" " " bet. 4 and 5 years	30	149	10	189
" " " bet. 5 and 6 years	23	177	16	216
" " " bet. 6 and 7 years	37	195	8	240
" " " bet. 7 and 8 years	29	209	16	254
" " " bet. 8 and 9 years	30	226	13	269
" " " bet. 9 and 10 years	32	230	21	283
" " " bet. 10 and 11 years	20	225	5	250
" " " bet. 11 and 12 years	28	203	16	247

Number of children admitted	bet. 12 and 13 years	19	171	13	203
" " "	bet. 13 and 14 years	17	121	6	144
" " "	bet. 14 and 15 years	8	67	7	82
" " "	bet. 15 and 16 years	4	60	4	68
" " "	bet. 16 and 17 years	2	21	4	27
" " "	bet. 17 and 18 years	4	16	5	25
" " "	bet. 18 and 19 years	2	6	1	9
" " "	bet. 19 and 20 years	1	10	1	12
Total number of children admitted		298	2669	159	3126

The ages of the boys admitted to Camp were as follows:

Number of boys admitted	9 years old	2
" " "	10 years old	3
" " "	11 years old	27
" " "	12 years old	72
" " "	13 years old	59
" " "	14 years old	51
" " "	15 years old	31
" " "	16 years old	10
" " "	17 years old	6
" " "	18 years old	4
" " "	19 years old	1
Total number of boys admitted		266

How helpful our Institution has become to other organizations will be shown by the following list:

Children from Institutions were admitted as follows:

Associated Charities, Lansdowne, Pa.	1
Baptist Settlement House	3
Board of Public Education	27
Bureau of Charities	1
Chester Hospital	2
Children's Aid Society	4
" Bureau	24
" Country Week Association	37
" Home, Carlisle, Pa.	1
" Hospital, S. S. Department	97
" Homeopathic Hospital	2
Church of the Holy Apostles	16
Country Nursery	53
Mary J. Drexel Home	42
M. E. Deaconess Home	29
Dept. of Public Health and Charities	7
Episcopal Hospital	1
Frankford Hospital	1

Of the foregoing:

There were cases of bone disease 266

The number of dressings applied was approximately 5323

The number of casts applied 44

OUT-OF-DOOR LIFE OF OUR INVALIDS. A MID-WINTER PORCH SCENE.

As part of the record of the work of the year of which the foregoing figures indicate only its magnitude, it seems desirable for the benefit of some who are not familiar with our work to make a very brief statement as to its character.

The work of the Institution may be considered under four general heads:

First—the Baby Saving Work;
Second—the Fortifying Work for Children not sick;
Third—the Work for Convalescents;
Fourth—the Care of Children suffering with Bone Disease.

In the Baby Saving Work we can claim to be pioneers as far as Philadelphia is concerned. In 1874 we first erected some of our Mother's Cottages, believing that the help which helps the infant best, is the help which helps the mother most. Our work for the two has gone on hand in hand ever since. Nearly ten thousand mothers have been able to be more helpful to their children because of the new strength and the new knowledge they have gained at the Children's House.

Last year 374 mothers and 427 children under three years were cared for by it.

Our work of fortifying children who are not sick that they may be able to resist attacks of illness is a very large one. Hundreds of children insufficiently fed and living in unsanitary surroundings come to us annually. After some days of generous feeding and active life on the Beach they return home far better able to contend with the odds which poverty has piled up against them.

The Hospitals are constantly sending us many children convalescent from operations or acute diseases for whom a short stay at the Seashore converts an ordinarily tedious convalescence into a short happy one.

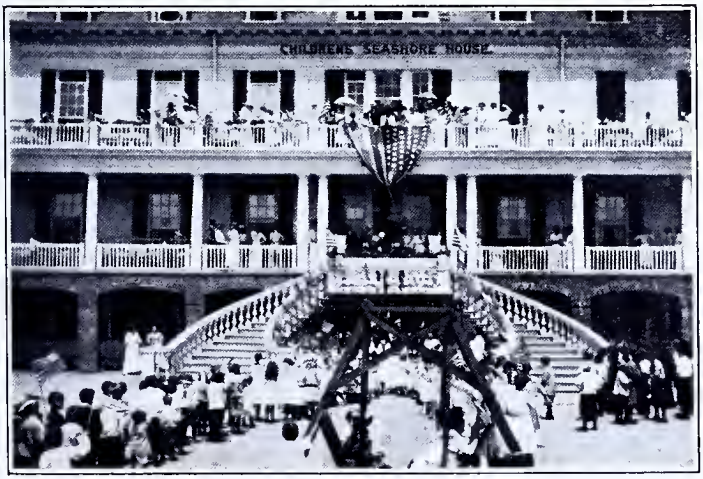
Our work for children with bone disease bids fair to outgrow most of our other work.

Last year we cared for 266 cases of such disease and each child was allowed to remain long enough to gain substantial benefit. Several remained throughout the year. For these children every appliance in the way of splints, casts, extensions and surgical dressings is skillfully used with results that have been very gratifying not only to us but also to the physicians who put the children under our care.

For all of our children our aim is to provide all the sunshine and fresh air obtainable; all the *appetizing* nutritious food that can be digested, and all the happiness that can be devised. Toys, laughter, singing and hurrahs are part of the treatment, a Psychotherapy which greatly aids our Thalasso-therapy.

Respectfully submitted,

William H. Bennett, M. D., *Physician in Charge.*



AFTER THE FLAG RAISING—FOURTH OF JULY.

The Board of Managers gratefully acknowledge the receipt of the following

CONTRIBUTIONS

TO THE

Children's Sea-Shore House, Atlantic City,

During year ending December 31, 1913.

Wood, Mr. J. E., a nice lot of cut flowers.
Wyman, Miss Mary E., candy and toys.
Young, Mrs., a large bundle of partly worn bathing suits.
Zugsmith, Junior and Leane, 2 large boxes of partly worn toys.

OFF FOR AN AUTOMOBILE RIDE—A BERGDOLL TREAT.

The Managers desire specially to thank Mr. Ingersoll, train dispatcher at the Reading Station, for the very many acts of kindness to our children.

They gratefully acknowledge the generosity of the Coast Telephone Company in giving free service for the year.

They desire also to express their appreciation of the kindness shown the children, when taking their outings on the Boardwalk, by many storekeepers, owners of amusement places and strangers. Mr. Young, owner of Young's Million Dollar Pier, entertained our children several times during the summer.

Managers of the Central Moving Picture Theatre entertained

The Bergdoll Taxicab Company under the management of Mr. R. H. Cohen, gave a great deal of pleasure to nearly two hundred of our children by giving them an automobile ride through the town and out into the country.

ORIGIN AND OBJECT

OF THE

CHILDREN'S SEA-SHORE HOUSE,

ATLANTIC CITY, N. J.

This institution, the first of its kind in the United States was opened in a small cottage in 1872, and incorporated as the "Children's Sea-Shore House at Atlantic City for Invalid Children," February, 1873. In July of the same year it was reopened in a fine building erected for it at the sea end of Ohio Avenue, accommodating forty-five children. As the work grew during the succeeding twenty-eight years the capacity of the institution was increased until there was room for two hundred and twenty-five mothers and children. In 1902 the old buildings were abandoned and the institution was removed to its present location on the beach between Annapolis and Richmond Avenues. The new buildings were occupied for the first time July 1st. In them and the Boys' Camp there are now ample accommodations for over four hundred mothers and children, and without great expense these accommodations can be largely increased.

The object of the corporation is to maintain, at the sea-shore, an institution in which children of the poorer classes, suffering from non-contagious diseases or debility incident to the hot weather and a crowded city, may have good nursing and medical care, without regard to creed, color or nationality. It is now open throughout the year.

Children over three years of age are cared for by competent nurses in the large, airy wards of the main building, and, in order that those too young to be separated from their mothers may also be admitted, buildings have been erected for the mothers close to the beach. A room in them is assigned to each mother with a sick infant. She may also have one or more other children with her, and have for herself and them the exclusive use of the room, taking care of it and her children, but having her meals provided for her in the main building. A separate

ward located immediately on the beach is used for sick infants without their mothers and for very serious cases needing close attention. In it, the mothers still have the care of their sick infants, but their treatment is carried out under the guidance of a trained nurse.

The provision for mothers and sick infants is for the summer only.

Special provision has been made for the care of girls too old to be subjected to the restraint necessarily imposed upon younger children. A large building has been set apart for their use, and a special matron has charge of the girls and devotes all her time to their welfare and happiness.

Provision has also been made for the admission in summer of large groups of children at a time, in order that city institutions for children may have an opportunity of giving collectively a little outing by the sea to their delicate inmates. A Sea-side Camp for lads between twelve and sixteen years of age was, in 1897, established in connection with the institution, and continues to be an important branch of its summer work.

Since this institution was first opened, other most excellent organizations, with kindred objects, have been formed in Philadelphia. Each has its special sphere of usefulness. The Children's Sea-Shore House differs from most of the others in the provision which it makes for the care of the sick and the injured. It has many of the appliances and the organization of a hospital. A large number of its beneficiaries are children from the city hospitals who still need medical and surgical care. Many others are sick children from their own little homes. Among the first patients admitted to the Institution at its inception (1872) were the hospital children suffering from tubercular diseases of the bones, glands and joints. The wonderful improvement wrought in such cases by the sea air led to a steadily increasing demand for their admission, and now throughout the year eighty-four beds are set apart for their care and treatment.

Circulars giving the mode of making application for admission can be obtained from the Physician-in-charge at the institution and from the Examining Physicians.

The House is on the beach at Annapolis Avenue, and is open to visitors daily after 10.30 o'clock.

Contributions toward defraying the expenses are earnestly solicited, and may be sent to the Physician-in-charge or to any of the Managers in Philadelphia. $40,000 *is needed annually for maintenance.*

INFORMATION IN REGARD TO THE

ADMISSION OF PATIENTS

TO THE

CHILDREN'S SEA-SHORE HOUSE.

Communications. All correspondence relating to the admission and discharge of patients should be addressed to the BUREAU OF ADMISSIONS, Children's Seashore House, Annapolis Avenue, Atlantic City, N. J., and not to any officer or employee.

The Institution is open throughout the year. Its summer work begins early in June.

It is designed for the care of young invalids of both sexes, without regard to creed, color, or nationality.

Any boy under twelve* or girl under twenty, suffering from a non-contagious disease, or from debility incident to the hot weather, can be admitted.

Admission.—Applications for admission will be received in Philadelphia, Camden, and Trenton by the Examining Physicians. See the separate list.

Patients will be admitted on the certificate of their own physician, but this certificate must be made out on a blank furnished by the Institution. Blanks will be sent upon request accompanied by stamped addressed envelope. Each blank must be COMPLETELY filled out.

NO PATIENT SHOULD EVER START FOR THE CHILDREN'S SEA-SHORE HOUSE UNTIL A PERMIT HAS BEEN RECEIVED FROM THE PHYSICIAN-IN-CHARGE. Patients are admitted in turn as fast as possible. In midsummer two or three hundred applicants are often waiting and delays are unavoidable.

The Institution is divided into three departments, and a Camp for Boys.

FIRST.—The department for girls between twelve and twenty. These will be under the care of a special matron. *Every* application for admission to this branch must be accompanied by a testimonial of good character.

*See special circular in regard to the admission of lads between twelve and sixteen to the Boys' Camp.

SECOND.—A department for children under twelve without their mothers.

THIRD.—A department for sick infants under three and a half years of age, accompanied by their mothers. **This is intended only for *infants* who are *sick*; and a sick mother with a well infant, or a mother whose *sick* child is over three and a half years, cannot be admitted.** But a mother with a sick infant has the privilege of taking with her one or more other children, even though they may not be sick. But boys over eight and girls over fourteen cannot be thus admitted with their mothers, and no mother in this department will be allowed to have during her stay a child in any other department except the Camp. The above limitations are strictly observed. Each mother has for herself and children the exclusive use of a room. She takes care of it and her children, but has her own and their meals provided for her. Dining and sitting rooms and bath-rooms are provided. Preference will be given to mothers who furnish a testimonial of good character from some physician, clergyman, or other responsible person, but others will not be refused admission unless they are known to be unworthy. Only very neat mothers can be admitted.

FOURTH.—The Boys' Camp. This is situated some distance from the Children's House, and is intended for boys between twelve and sixteen years of age. Only boys of excellent character, and who are not too sickly to stand the little exposure of tent life, can be admitted to it. Full particulars in regard to the Camp are given in a special circular which can be obtained by applying to the institution for it.

Special provision has been made for the care of very sick infants who have been suddenly taken ill and require immediate removal from the city. Such cases are usually admitted within a few hours after application has been made to the *Examining Physician.* Communication will then be made by telegraph or telephone. Applications of this sort must come through an Examining Physician.

The charges are as follows: For a girl over twelve, in the first department, or a boy in Camp, two dollars and a half a week.

For children in the second department, without their mothers, or an infant in the Baby's Ward without its mother, two dollars a week.

For a mother and one child, in the third department, three dollars a week for the two, and one dollar a week for each additional child.

These charges include board, medicine, and medical attendance in all cases, and nursing and laundry work in the first and second departments. Mothers do their own washing. A complete laundry, with stationary tubs, is provided.

Charges are payable in advance on arrival at the institution.

Return railroad fare must also always be deposited on arrival.

Those unable to pay these rates will often be admitted at a reduced rate or without charge. **No child is ever refused admission because of inability to pay.** But such cases must, *at the time application is made,* satisfy the Managers as to their inability to pay the regular charges.

TRANSPORTATION.

Through the generosity of the Reading Railroad Company children between five and sixteen years of age can obtain tickets at the rate of thirty-five cents each way between Atlantic City and Philadelphia. Children under five do not require tickets. No REDUCTION IS ANY LONGER MADE FOR CHILDREN OVER SIXTEEN OR FOR ADULTS. The reduced rates are granted to those only who have the regularly signed ticket orders of the institution, one of which is sent with the order for admission to each child entitled to it.

Parents who cannot afford to bring their children to the institution or take them away, can often have them cared for on their journey for a few cents over the actual cost of railroad tickets by a Children's House attendant. Parents who wish to make use of this economy should say so in making application for the admission of their children.

The length of time patients may remain in the institution is determined by the Physician-in-Charge, in accordance with the necessities of the case. As it often does not exceed ten days, vacancies constantly occur, and are at once filled from the list of applicants in the order of application. Cases of bone and gland tuberculosis requiring a long stay are often allowed to remain many weeks.

Special arrangements can be made early in the season with the Physician-in-Charge by city institutions for children, for the admission of their inmates in groups of sixty or less at one time.

Visitors are admitted daily between 10.30 A. M. and 5 o'clock P. M.

Trolley cars on Atlantic Avenue to Ventnor or Longport or Jackson Avenue pass the entrance at Annapolis Avenue.

EXAMINING PHYSICIANS.

The following physicians examine children for admission to the Institution without charge.

No examinations will be made on Sundays, or at other hours than those given below.

PHILADELPHIA—NORTH.

THE WOMAN'S HOSPITAL, 2137 North College Avenue.

PERPETUAL ENDOWMENTS.

$1000 Will Endow a Free Bed.

$1500 Will Endow a Cottage Room, providing for a moth and one or more children.

A Contribution of $75 Will Support a Cottage, and $50 a Bed, one Season.

SPECIAL NEEDS.

1st. Our Endowment Fund should be much increased.

2nd. A New Camp for Boys is needed. The present site is only loan and we may be obliged to give it up at any time with much notice.

ENTERTAINMENTS.

The Managers of the Children's Seashore House are very grateful for the large help they have received through entertainments organized by friends of the Institution in its behalf, and they hope that nothing will interfere with this valuable source of revenue. They, however, feel that it is fair to those who are asked to purchase tickets because of their known interest in the Institution, to ask all who contemplate organizing entertainments for our benefit to first secure the endorsement of the Executive Committee over the signature of the President. This will be most cheerfully given in every proper case and should be printed on the announcement of the entertainment.

This request has been made necessary by the fact that entertainments have been given for the benefit of the Institution from which it has received no returns, and others from which the returns have been very small in proportion to the amount of money known to have been received. Injudicious expenditures were doubtless the cause of these results.

The Managers must continue to decline, as they have done for many years, all offers of professionals asking from fifty to eighty per cent. of the proceeds of their entertainments.

FORMS OF BEQUEST.

Please be sure to use the *EXACT* title of the Institution.

LEGACY OF MONEY

I give and bequeath unto "THE CHILDREN'S SEA-SHORE HOUSE AT ATLANTIC CITY FOR INVALID CHILDREN" (incorporated under the laws of the State of New Jersey) the sum of, ..., to be paid to the Treasurer, for the time being, for the use of the Institution.

DEVISE OF REAL ESTATE

I give and bequeath unto "THE CHILDREN'S SEA-SHORE HOUSE AT ATLANTIC CITY FOR INVALID CHILDREN" (incorporated under the laws of the State of New Jersey) and its successors (*here describe the property*) together with the appurtenances, in fee simple.

Extract from Act of Assembly Approved April 26, 1855

No estate, real or personal, shall hereafter be bequeathed, devised or conveyed to any body politic, or to any person in trust for religious or charitable uses, except the same be done by deed or will, attested by two creditable, and at the time disinterested, witnesses at least one calendar month before the decease of the testator or alienor; and all dispositions of property contrary hereto shall be void, and go to the residuary legatee or devisee, next of kin, or heirs, according to law.

A recent decision of the Supreme Court of Pennsylvania invalidates bequests to charitable Institutions if there is any official relation whatever between the witnesses to the will and the Institutions which are beneficiaries thereunder.
